Mr. President
Paul Kagame

Kigali
RUANDA

Dear Mr. President,

Currently the Corona virus is spreading worldwide, almost all countries are affected and the number of fatalities is increasing daily. Rhineland-Palatinate has not been spared by this pandemic either. At the same time, all states are under high economic pressure, countless livelihoods are on the line and the income of many people is falling dramatically.

It is with great interest that I follow how efficiently your government has taken various measures to contain the spread of the virus in Rwanda. The relatively low number of people infected in Rwanda shows the continued success of your containment measures.

At the same time, Rwanda started very early to help people in financial distress as a result of the Corona crisis. Within the framework of the partnership between Rwanda and Rhineland-Palatinate, many people in our state are ready to stand by their Rwandan partners in this difficult time. Together with our Coordination Office in Kigali and in consultation with the local district administrations, we stand ready to support our partners in Rwanda in overcoming this crisis.

DIE MINISTERPRESIDENTIN DES SAARLANDES RUTH KLÖPPEL

Dear Mr President, I wish you continued success in containing the Corona virus in your country and I hope that we will all overcome this difficult time together.

Sincerely yours,

Malu Dreyer
